of the proposed administration building at the intersection of the Wildwood Road and Babcock Boulevard.

45. Reconditioning of power lines near the Ingomar Police Cabin in order to eliminate the low voltage at this point.

46. Rewiring and rearrangement of lighting fixtures in the Rose Grove Dance Hall.

47. Installation of conduit and extension of power and lights into three refreshment stands located on the Henderson area, at the boat house and pool parking lot.

48. Completion of electrical work in the filtration plant lavatory.

49. Installation of lights on the service group entrance sign.

50. Installation of a power line for operation of the mixer pump at the disposal plant.

51. Extension of power and light into the girl scouts' cabin, requiring the installation of 12 poles along Kummer Road, installation of lights on the pylons at the North end of the Pierce Mill Road and installation of lights on the pool veranda.

The following improvements were made in cooperation with the Works Progress Administration:

1. West Ridge Drive Improvement—construction of an 18 foot asphalt penetrated road-bed with necessary drainage on one of the highest elevations in the park thus providing an extensive view of the lagoon.

2. North Ridge Drive Improvement—construction of 3.1 miles of asphalt penetrated road-bed extending from the lodge East to the Pierce Mill Road. This also affords an extensive view of the lagoon.

3. Extension of 5.5 miles of bridle trails throughout the park.

4. Baseball Diamond—construction of a regulation baseball diamond on the Henderson area near the swimming pool with seating accommodations for 2500 people was begun. This field will compare favorably with diamonds in either the National or American league.

5. Boundary Lines—survey, construction and installation of concrete boundary line markers throughout the park was begun, to be completed by the planting of shrubbery as the necessary marking lines.

6. Completion of 25 open log shelters with brick ovens, construction of an additional 50 new log shelters was begun. Completion of 150 new sanitary privies.

7. Construction of brick floors, gutters and curb on all park shelters was begun.

8. Quarrying of approximately 150 tons of stone from park property for check dams.

9. Swimming Pool Improvement—painting of pool, facilities, piping, boilers and recirculating system.

10. Painting of all buildings and facilities throughout the park including office buildings, employees' dwellings, storage houses, stables, police headquarters and dance halls.

11. Transplanting of 2800 pine and maple trees ranging from 2 inches to 6 inches in diameter, planting of 2300 square feet of sod, caviting of 325 second-growth and virgin trees, pruning and spraying for San-Jose scale over 500 trees ranging from 2 inches to 30 inches in diameter and staking of 333 Mountain Ash trees along the Kummer and Pierce Mill Roads.

12. Clearing of 550 acres of underbrush from park groves, clearing of 195 acres of banks and channels, construction of 61 stone and 987 timber erosion check dams on 8 miles of park streams, construction of 78,000 square feet of dry stone walls, construction of 35,000 lineal feet of French Drains along 5.5 miles of bridle trails, construction of 15 Chinese arch type and rustic foot bridges across Pine Creek and Construction of 1,000 lineal feet of barriers along park bridle trails.

ACCOMPLISHMENTS IN SOUTH PARK

1. Construction of new Golf Club House and Starter House.

2. Construction of parking lot and driveway at new Golf Club House, including the construction of 1500 foot barrier.
