The breakdown of sports enjoyed included:

Water Sports

North, South and Sully Pools. Forty qualified American Red Cross lifeguards supervise the swimming activities in county park pools. Three swimming meets were held during last season with more than 40,000 spectators. A "Learn To Swim" campaign is sponsored each year with special evening classes for businessmen and women. Water polo games and exhibitions are held during the season by teams from the tri-state area. At the North Park Lake rental space is provided for the privately owned canoes, kayaks, skiffs and cat boats which compose the Lagoon Fleet, and each summer the Mid-East Outboard Association holds its championship regatta in the lagoon for amateurs and professionals under the sanction of the American Power Boat Association and the National Outboard Association.

Golfing

Every convenience is offered golfers of the Community at the links in North and South Park where 18-hole courses have been constructed. In addition the United States Public Links tournament to eliminate and pick a representative public links team from the tri-state area, the Inter-County Parks Golf tournament and various local tournaments such as the Pittsburgh Elks, West Penn Open, Public Parks, Professional and Business Men's Association, are held each year. The Commissioners also sponsor a "Learn To Play Golf" campaign each year. Andy Suedzko, North Park player, won the National Public Links title last year as well as the County links title. Pittsburgh's colleges and universities (Pitt, Tech and Duquesne) use the courses for their matches and district high schools use the links for their inter-scholastic competitions.

Tennis

The 23 clay courts and 12 all-weather courts in the parks are in constant demand and are the scene of many interesting championship events. As in golf and swimming, a "Learn To Play Tennis" campaign is sponsored. Events last season on the courts included the Allegheny County Clay Court Championship, Allegheny County Hard Court Championship, Allegheny County Novice Championship, National Parks Tennis Championship qualifying matches for the tri-state area, Inter-City Municipal Parks Tennis matches, Duquesne University inter-collegiate meets and W. P. I. A. L. High School championships. Exhibitions by experts of the district are provided on holidays and during the learn to play campaign.

Baseball

Diamonds are provided at many picnic groves throughout both parks and games are played among amateur and semi-pro teams of the tri-state district. In addition, six district leagues use the park diamonds for their games.

Softball

Softball and mushball are two of the most popular games played in the County Parks. Exhibition games by stellar girls' teams of the county are held at the South Park Fairgrounds every Sunday afternoon and in addition to the amateur games of picnic groups, semi-professional men's teams used the various fields during the year.

Football

The South Park Fairgrounds are in continual demand during the season by football teams of the district. In addition, various college and high school aggregations use the park fields for secret practice sessions.

Soccer

Perhaps the most popular fall sport in the parks is soccer, played at the Fairgrounds. The Keystone League and the West Penn Football Association use the South Park athletic fields and their games are witnessed each year by about 150,000 people. Other smaller soccer groups also use the fields. The district elimination for the National Amateur cup is played at South Park.

Archery

The North Park archery range is the favorite of archery devotees from all parts of Western Pennsylvania. It is used as its home range by the Pittsburgh Archery Club. To encourage the sport, the Commissioners have also sponsored a "Learn To Play Archery" campaign. Events last year included Tri-State Archery Tournament, Allegheny County Archery Tournament and special holiday archery exhibitions.

Track and Field

The South Park's Fairgrounds are the scene of track and field meets during the year. Holiday meets were held on the Fourth of July, Decoration Day and Labor Day. The program last year was enlarged to include shot-put, relays and bicycle races. The entry lists for these meets included star performers from high schools, colleges, universities and clubs as far away as Cleveland.

Bicycling

Bike riding is growing in popularity in both parks. Lake Shore Drive in North Park and Corrigan Drive in South Park are the favorite bicycling places. Events included a 250 mile two-man team bicycle race at the Fairgrounds, with entries from all the leading cities in the East and Middle West. Bicycle races are also a feature of all special programs at the South Park Fairgrounds.

Winter Sports

Ice skating at the pool in South Park, and at Marshall Lake in North Park is popular during the winter months. Shelters and open log fires are provided for the skaters. Skiing, too, is becoming popular with runs at Sunny Slope near Brownsville Road entrance to South Park, and on the 18th fairway of the North Park Golf Course. A shelter has been built at South Park and the golf club house is used by North Park Skiiers. Visitors at the parks have also enjoyed sleigh riding and tobogganing.

Horse Shows

Six or more horse shows are held during the year at the South Park Fairgrounds by the South Park Matinee Club. Benefit shows are held each year for under-privileged children who are given a week's camping at the parks. In addition to the shows, harness racing has proven attractive at the Fairgrounds.

Polo

The Pennsylvania-Ohio Polo League uses the South Park Fairgrounds for many of its scheduled games and a movement is underway to organize a South Park Polo Team.

Field Hockey

The University of Pittsburgh Field Hockey Team was host to the Eastern Inter-Collegiate Women's Field Hockey Tournament last Spring at the Fairgrounds for its games.
