Badminton

Two new badminton courts have been constructed at South Park and the First Allegheny County Parks Badminton Tournament was held August 19th and 20th.

Horseshoe Pitching

Forty-one horseshoe courts in North Park and 45 in South Park, with 12 new courts just completed on Corrigan Drive attract lovers of this sport during the warm months. Events included the A. M. A., A. A. U. Horseshoe Pitching Tournament for the Tri-State Championships at the Fairgrounds; a contest for novices, and the Allegheny County Farmers' contest, the winner of which was sent to the Pennsylvania State Farm Show at Harrisburg for the State Championships.

Camps

The facilities for camping are provided in both parks. The camps are furnished with double-decker bunks, kitchens and other necessary equipment. Camps are specially provided for under-privileged children who use the camps for a week at a time under sponsorship and supervision of various institutions, community centers and churches. Boy and Girl Scout Cabins have also been established by the County in both parks. Over-night camping was arranged for a number of groups at each park.

Vacation Weeks

Planned programs for "Vacation Weeks" have been prepared by the County Parks Recreation Department for those people who are unable to go away for their vacations. A daily schedule has been prepared so that these vacationers can get the utmost out of the park facilities during the regulation park hours. Over-night facilities have not been offered, but the vacationers are given a varied program for each day they visit the park.

Social Recreation

Social activity in the county parks does not cease with the arrival of inclement weather. Eight recreation centers, four in each park, provide year-round possibilities for those desirous of such opportunities. So popular are these centers that they are booked ahead for months. The buildings are most attractive. Churches and various large social groups use the buildings for dinners, dances, receptions and meetings.

Picnicking

Picnic groves throughout both parks for large and small groups fill an all important warm weather need. Shelters, benches, tables, outdoor ovens, swings, see-saws, slides, sandboxes, playing fields, pure water and ample parking space are the essential equipment of every picnic grove.

Bridle Trails

The natural scenic beauty of the parks and the care with which the bridle trails were built, make horseback riding most inviting. Forty-six miles of trails wind through the parks. Automobile traffic is of course restricted on these trails, but pedestrians as well as riders find the trails most pleasant and interesting.

North Park Lake Boating
